

capri lux

- COLOURFUL: Three choices in the most popular sizes
- SIMPLE: 250cm Deep, easy to assemble CarbonX fibre or Steel frame
- FRESH: ventilation panel in right hand side, veranda pole included
- MULTI-USE: Use with panels or without as Sun canopy

Capri Lux is a natural choice – it's especially suitable for touring, and built to withstand the wet conditions often experienced in spring and autumn.

With Four door openings and a long front canopy everyday comfort is assured. The canvas is a fibre-dyed acrylic that is strong, breathable and colour fast. The benefits of the Capri Lux have been enjoyed by many, this model has been established on the market for over ten years, and it has been continuously improved to the level we see here.

Capri Lux is a good choice for the up-and-coming, quality-conscious caravanner.
